Did you know that Webster Library has a Café?
In this open space, you and your group can meet and talk. Unlike some of our quiet spaces in the library this is a space designed for small group gatherings and work. The café has a cozy glittering fireplace that gives a great ambiance to the room. The café also has natural light which is a high commodity in our large building. The café gets its name from the two vending machines in the space. There is one dedicated to drinks and one to snacks. We also have a Keurig. Coffee pods can be purchased at the information desk for $1.00. With your coffee purchase, you can get as much creamer and sugar as you want, a paper cup, stirrer and a pod. All your coffee purchases go back into getting more coffee for the library. The café also has a water bottle filler so you can stay hydrated while you are studying. Comfortable seating, drinks and snacks, a cozy atmosphere and natural lighting all highlight the café’s homelike environment.

Donating items to the Webster Community Chest and don’t know where to take the items?
There is a cart located at the Webster Library where you can drop off items.
